

009/21 (b)

Borough Councillor Cedwien Brown – MONTHLY REPORT FOR JANUARY MEETING RTC

Together with the Town Clerk I have worked with KBC to get the Winter lights on Squires Hill back on in time for Christmas after a fault developed with the time clock.

I have been in regular contact with Northants County Council regarding the extremely poor repair of two areas in Glendon Road, one near the junction with Churchill Close and the other at the foot of Bunkers Hill. I have been informed by NCC that they will be repairing the “repaired repair” within the next 6 weeks.
